TASTING GUIDE

Taste the way you like.

1 **Look**

Tilt the glass against a pale background. Describe the color and notice whether there are bubbles.

2 **Smell**

Take a short sniff, then swirl gently. Name one aroma that reminds you of something familiar.

3 **Sip**

Notice how fresh, soft, or drying the wine feels. Taste again with a bite of food and see what changes.

Start with one aroma and one bite you'd pair with the wine.
